

Basic Detail Report

Bottle

Date

500-300 BCE

Primary Maker

Salinar

Medium

pottery and paint

Description

The act of pulling hair in North Coast Peruvian cultures means a loss of dignity. Generally the vanquished is shown being held by the hair. In this example, there appears to be a draw since both figures hold the hair of the other. The two figures have been jointed at the

abdomen and a single spout serves both. A faint negative resist design appears as strips on the stirrup-spout, while shallow incising outlines clothing details and fingers.

Dimensions

Overall: 8 7/8 x 7 3/4 x 4 3/4 in. (22.5 x 19.7 x 12.1 cm)
